### ATTENTION Oakland County EMS

As discussed for the past year, the new Southeast Michigan Drug Box will be implemented in May, 2017. Dropbox contains all of the education, including the Instructor Guide, PowerPoint presentation, Lesson Plan, if needed, the updated Protocol, chits and roster. The education on Dropbox may be found under CE Resources/1-Preparatory/CE-5070-198-1.

The schedule for drug box implementation will be as follows:

May 10<sup>th</sup>, drug boxes will be delivered to Oakland County and disseminated to the hospitals over the next five days.

May 16<sup>th</sup>, hospitals will start dispensing new drug boxes to their life support agencies. EMS Coordinators are encouraged to contact their Medical Control Hospital EMS Coordinator or Pharmacist to schedule a time to exchange an old box for a new box. This will take place over four weeks to give the pharmacists time to fill the new boxes. The exchange will **not** take place as you bring in patients, as it must be scheduled.

The new Michigan EMS protocols should be released this fall, so there is no protocol, at this time, for the Raccinephrine.

If you have any questions, please contact us at 248 975-9704.  
Thank you for your help and support.

**PLEASE CONTACT THE OCMCA WITH ANY QUESTIONS OR CONCERNS**
